

The background of the entire image is a complex, abstract pattern. It features large, irregular shapes in a vibrant red color, which are interspersed with areas of dark green and mustard yellow. The pattern has a textured, almost woven appearance, with the colors blending and overlapping in a non-representational way. The overall effect is one of dynamic energy and visual complexity.

A Yearbook Adviser Looks Back and Reflects on The Five Year Growth and Development of the Ironman

In the fall of 1964, the IRONMAN account was \$450 in debt, flash equipment obsolete, and camera beyond repair. The staff and I yelled, "Help! Help!" and classes and organizations responded with \$10 to \$20 gifts; the Community Club donated \$100. Then an intensive campaign doubled the yearbook advertising income.

These life-restoring funds re-vitalized the IRONMAN. A new contract with Burchett Studios for senior pictures entitled us to services of their photographers and they furnished us with hundreds of free pictures. Also an excellent new camera was purchased—finally we were ready to start on the 1965 IRONMAN.

The old debt had been paid off by 1966—the IRONMAN flourished; advertising revenue again increased; more pages were added, new features introduced, and a greater variety of photos were used. By 1967 the yearbook owned over \$400 worth of modern photographic equipment.

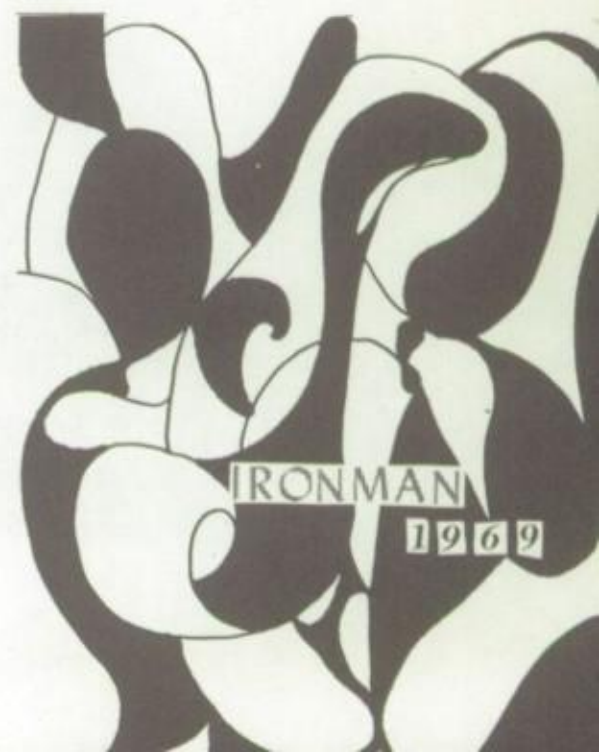

Our mighty IRONMAN continued growing, and soon flexed his muscles to give better coverage of activities, to take more professional-type pictures, to experiment with new layout techniques, and to improve headlines and captions.

Many schools raised yearbook prices to \$4.50 or \$5.00 this year because of advances in costs of printing. The IRONMAN 1969 proudly presents 161 pages (in 1961 the yearbook had only 85 pages) but still has been able to maintain the same \$4 price because our advertising has paid two-thirds of the cost of your yearbook.

Now the guardianship of this well-developed IRONMAN will pass to the CLASS OF 1970, and there will be a new adviser to offer guidance.

It is my hope that the next editor will have a staff that furthers the growth of the IRONMAN, as have the five yearbook groups I have advised.

The editors and staff of the 1969 Ironman opened their ears to the cries of students and nations all around the world when choosing the THEME for this yearbook.

Everyday we saw more signs of people struggling for freedom . . . we read about these quests in newspapers and magazines; we witnessed the freedom revolts on TV; we heard the melodic longings for freedom in the music of today.

FREEDOM is America's most valuable heritage, and it has come to be the most cherished possession one can have. So in keeping with its importance, we wish to relate the theme of Freedom to the pages that follow.

Freedom oft times has to be earned, fought for, died for. We have been saddened that the cost of freedom sometimes includes the loss of lives of our friends, neighbors, fellow classmates.

The Ironman staff salutes Joe Whittington, class of 1966, who was killed in Viet Nam seeking freedom for an oppressed country.

"FREE" to do your own thing

For charter members of the Turned-on Generation the NOW sound is "I Gotta Be Me," and the words of this pop ballad describes how today's students feel. Here is Youth's call as told in song . . . telling of a search for identity in a mixed-up world . . . pleading for freedom "to do their own thing."

Whether I'm right, or whether I'm wrong
Where I find a place in this world
or never belong.

I gotta be me! I gotta be me!
What else can I be but what I am?
I want to live! Not merely to survive!
And I won't give up this dream of life
that keeps me alive.
I gotta be me! I gotta be me!

The dream that I see
That far-away prize, a world of success
It's waiting for me if I heed the call
I won't settle down or settle for less
As long as there's half a chance
I can have it all!
I'll go it alone—that's how it must be
I can't be right for somebody else
If I'm not right for me!

I GOTTA BE FREE! I GOTTA BE FREE!

Music in Mod Manner and Mood is Very Popular Now

The hope of and demand for freedom is expressed in many of the popular pop and protest songs.

Macon Hi students this year enjoyed the freedom of choosing their favorite pop groups—WRONG PEOPLE played for Sophs' Sock Hop; LIGHT BRIGADE here for Homecoming; SOULS OF SOUND made the scene at the Prom and Post-Prom.

This page compliments of Mr. Howard Brown
Superintendent of Macon County Schools

Who am I in this great big rut?
What I want is freedom –freedom
To find out who I am, what I am
Doing, where I'm heading, and even
If it's where I should be heading.

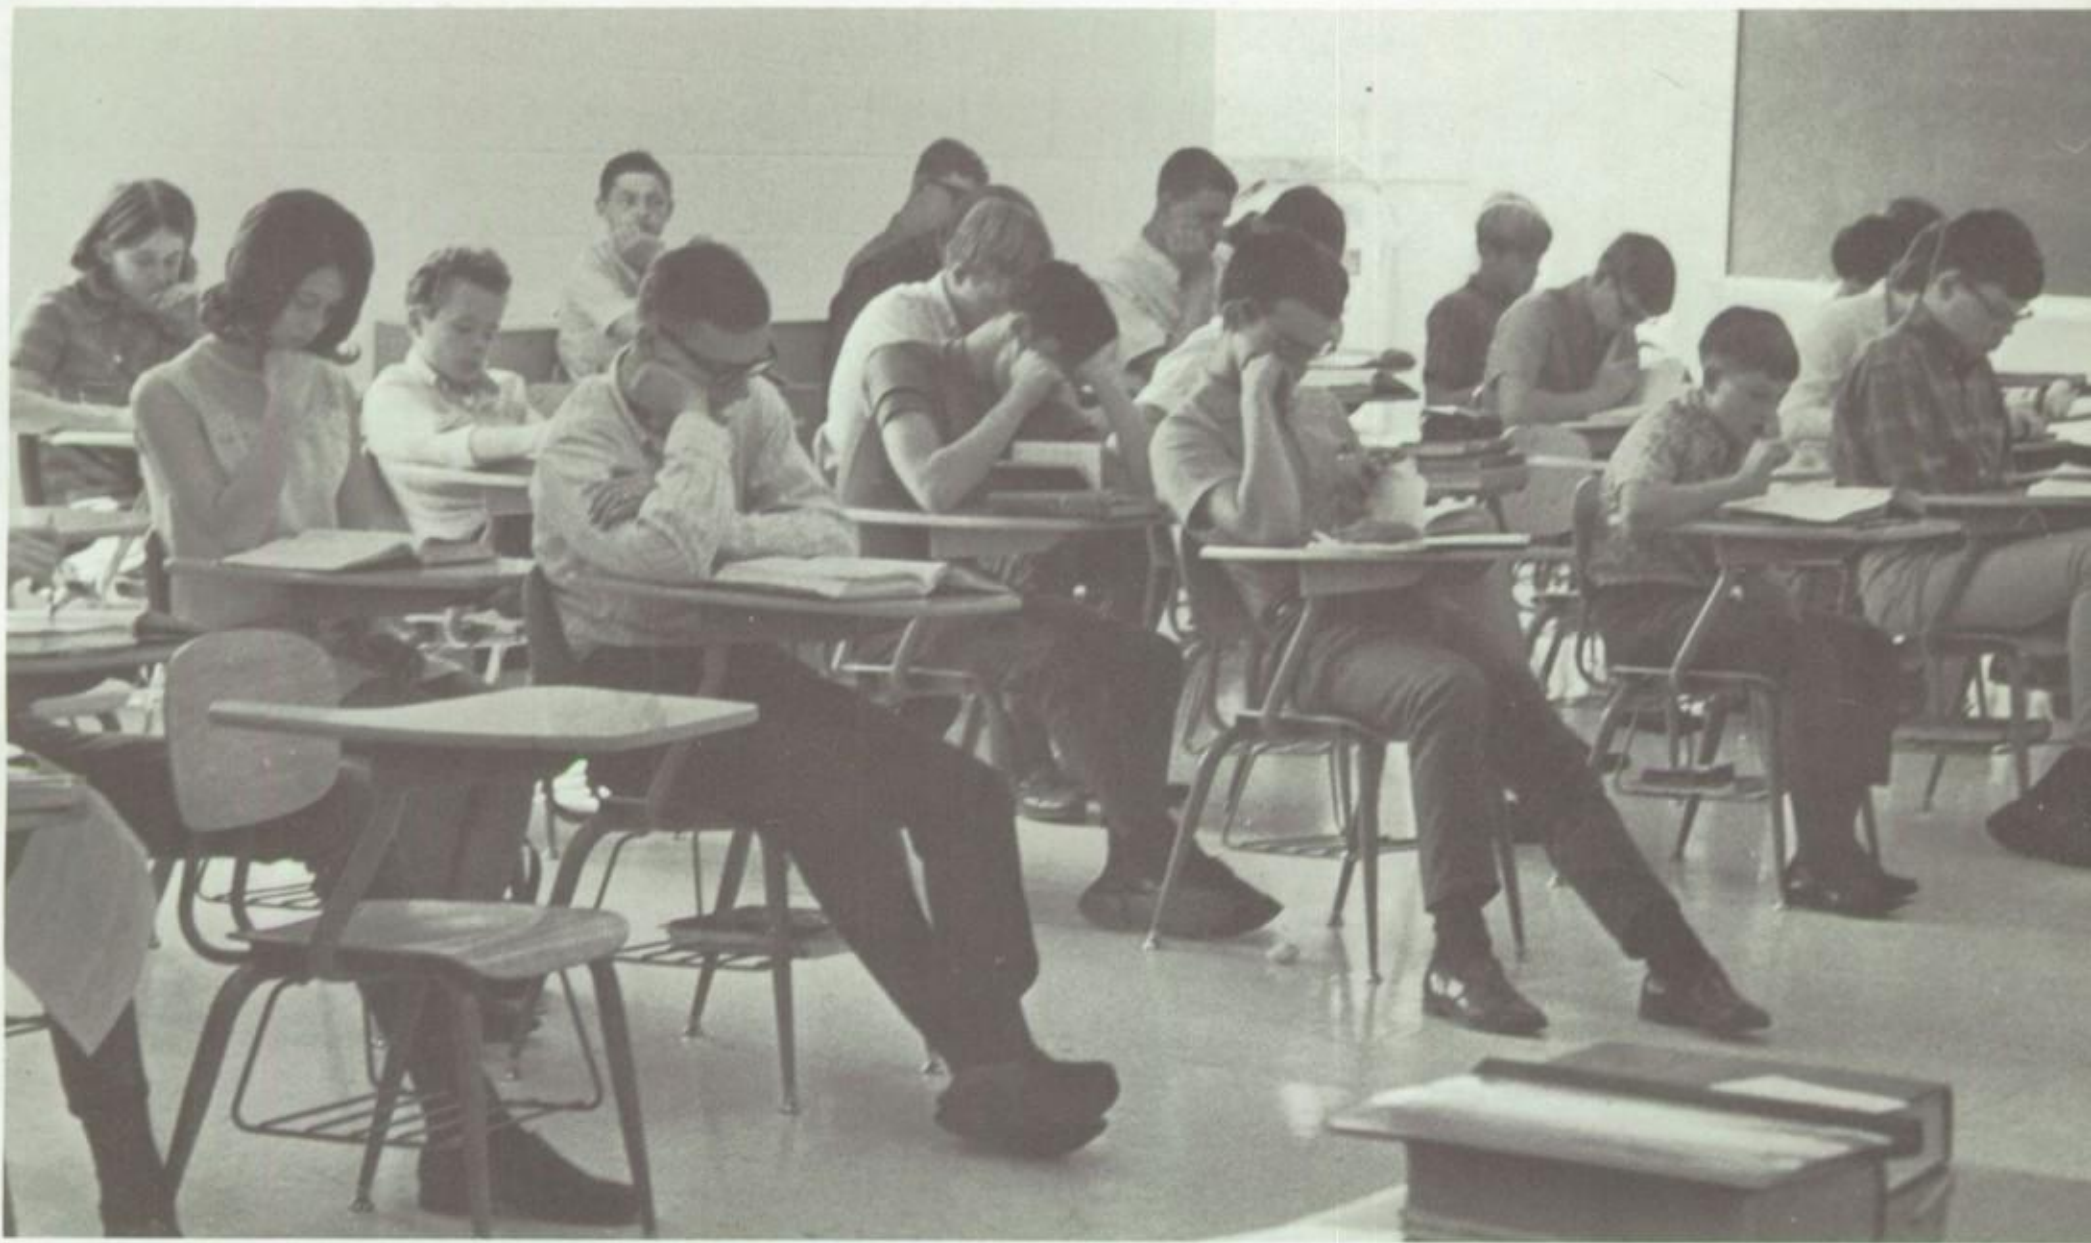

I want society to realize that no matter
What a person is—negro, white, rich,
Poor, handicapped, or just average—that
First of all, he is a Man, and a man
Needs to be free to be himself.

I need freedom to be me!
Free to be responsible—
Free to care—
Free to laugh, free to cry!
Free to be aware—
Free to live, free to die!

BOARD Has the Experience and Expertise To Deal with Many Facets Of an Education System

MERVIL JACOBS, JR. has faithfully served as president of the board for six years—giving endless hours to consideration and promotion of better education for the Macon district.

BRICE HALLAM goes over the budget figures with the board after the passing of tax referendum increased school's revenue.

ROBERT SNITKER, an interested new member, is serving second year of his three-year term.

NEIL LENTZ busy as he is, takes time to work for education for three terms.

DON CRAFT accepts challenge of board business and is ready to start a second term.

SCOTT TOWSON, secretary of the board, is in his second full term, a dedicated worker for Unit District No. 5.

ROY ROUSH, vice-president, is another second-term member who is concerned with good education in his community.

ROBERT GLASS, is board secretary pro-tem and its representative for Special Education District.

AUTHORITY HEADQUARTERS

They Tell It Like It Is!!

RULES Bill McClard, High School Principal, makes the rules, enforces discipline, directs the program of school activities; also plans and revises the curriculum each year.

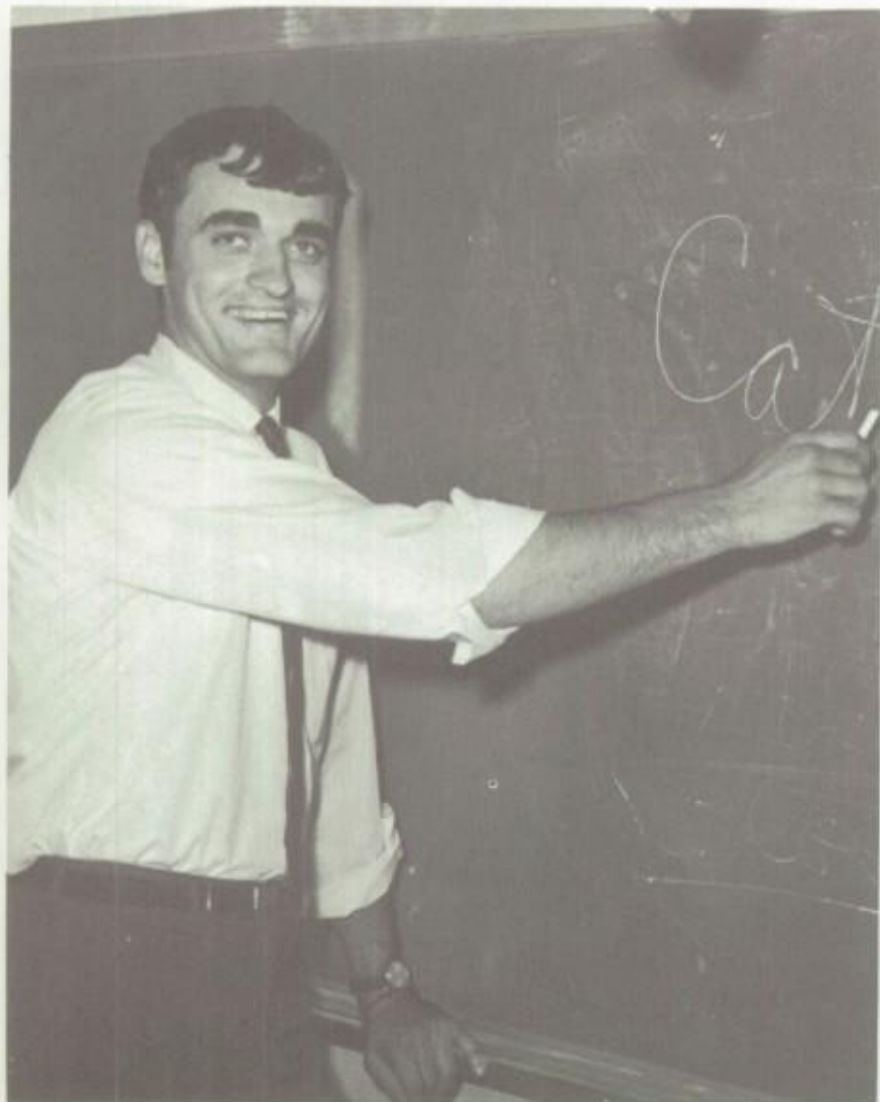

RECEIPTS Mary Renfro has the seemingly endless task of making out receipts for all the money turned in; then after writing out checks for what is owned, balances the books.

REPORTS Roger Britton, Superintendent of School District No. 5, finds one of his chief jobs is communication—typing up many reports for the School Board, County and State; scheduling conferences with lawyers, officials, and parents; talking to salesmen.

RECORDS Vera Britton is the busy receptionist who files the students' records, checks the absentees, makes announcements, summons faculty and students to the phone, and issues bulletins.

LYNN SWEET always seems to have something to do at MHS. When he is not teaching his English classes he is driving a school bus, directing junior and senior class plays, advising the sophomore class, and coaching the cross country team. By July 4, 1969, he only hopes he can run a 5-minute mile.

CARL POELKER, a newcomer to Macon's teaching staff, is a graduate from Millikin University. During the regular school day Mr. Poelker teaches Algebra I and II, Geometry, Trig, and Analytic Geometry. Though this keeps him busy, he finds time to sponsor the Junior Class and enjoy football and basketball.

RALPH COATE is our Life Science and Intermediate Algebra teacher. He sponsors the Junior Class. His special interest is Conservation and he has started a club of this nature this year. He is currently working on his Ph. D. Under his direction, the annual Science Fair has become one of the outstanding events of the school year.

RUTH HILVETY, who took over high school Speech classes when Mr. Craig resigned at the end of first semester, is not a stranger to MHS. She has substituted frequently and taught English one semester. Mrs. Hilvety attended Trinity University in San Antonio, where she received her A. B. degree in Speech. At home she is a proud mother of three daughters, Laura, Wicky, and Rhoda.

JO HIGMAN, Macon's typing, secretarial science, and English III teacher, plans to retire and go to California. Miss Higman has little time to spare when at MHS since she sponsors the newspaper, yearbook, and Senior Class, but during vacations she enjoys traveling. As far as sports are concerned she lists golf as her favorite and has some new golf clubs to prove it!

TIM COOK has a well-rounded field of knowledge since he teaches bookkeeping, economics, government, geography, and general business. He is also a sponsor of the senior class. His plans are to work for a degree higher than his Master's and to sight-see in Europe the summer of 1969.

DAVID GLOVER, a newcomer to Macon, teaches American History and Social Problems. He is also co-sponsor of the Student Council. His plans for the future include travel, and he would like to see added to MHS curriculum an International Study Group.

LOUELLA PENCE is kept busy making good homemakers of the girls of MHS in her Home Economics classes and FHA club. Something she would like to see in the future is boys enrolled in the "Family Living" course she teaches.

OWEN McCORKLE keeps busy counseling the students and advising the Student Council. His favorite sports are football and baseball, and he thinks Macon should also have a tumbling and wrestling club. The McCorkles are highly involved in Macon School life since his wife teaches at the grade school.

JACK STRINGER graduated from E. I. U.; and taught math in the Junior High before he became an Industrial Arts and CWT teacher at MHS. His other activities are sponsoring the Junior Class and the Industrial Arts Club. His favorite sport is football and he loves going to horse races.

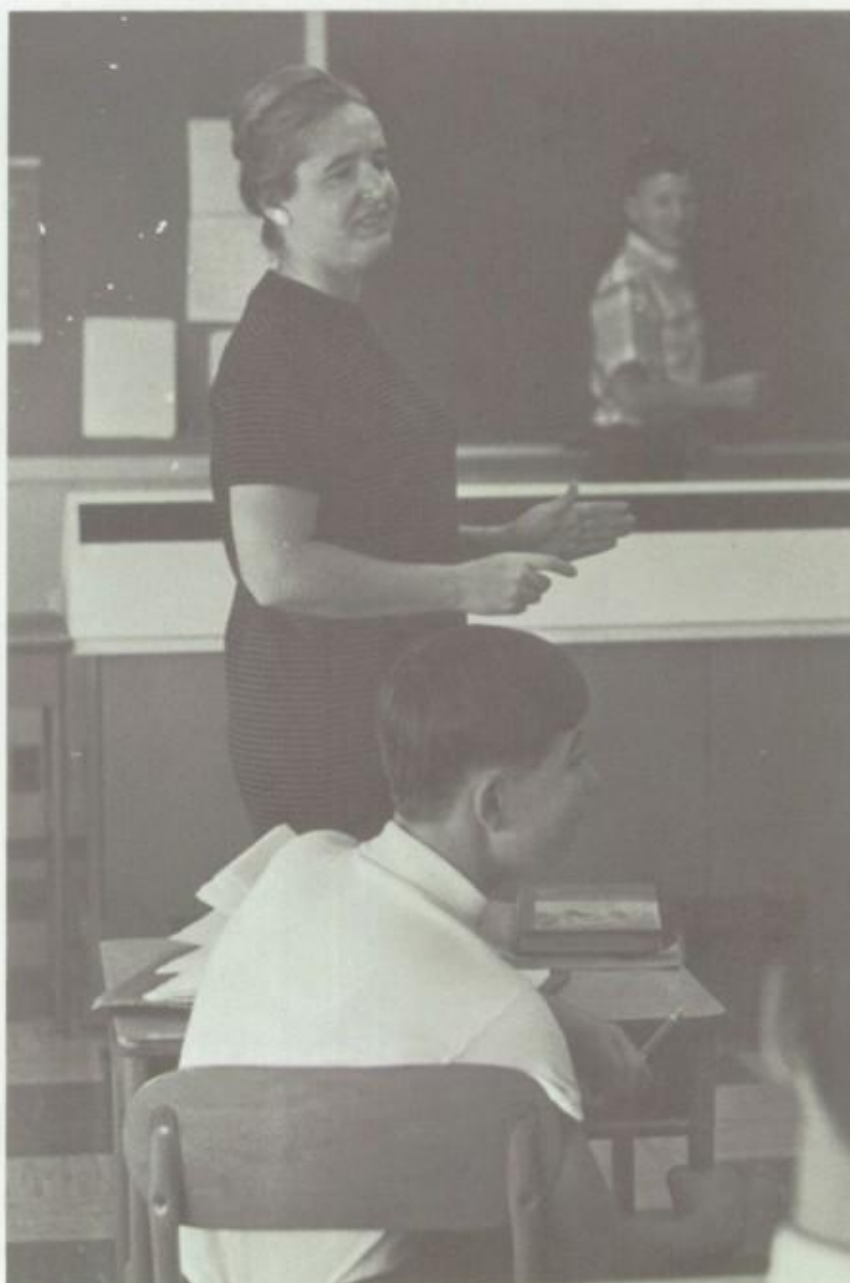

JOY CAMPBELL, our vocal music teacher, directed another very successful musical this year. For two years she has guided student teachers from Millikin. She lists as her favorite sports swimming and tennis. Her plans are to continue taking courses so she will receive her master's degree.

JESSE HARRIS graduated from Millikin University and occupies her time with her English I and III classes and with molding students into successful future teachers. She is currently busy affiliating the local FTA chapter with the national organization.

May We Point Out That Daily Drills & Practice Make Perfect

JANE DEININGER enjoys teaching Spanish and is the sponsor for the Freshman Class, Honor Society, Beta Society, and Spanish Honor Society. This year she also served as a guide and interpreter for the foreign-exchange teacher. Her son and daughter go to Eisenhower High School.

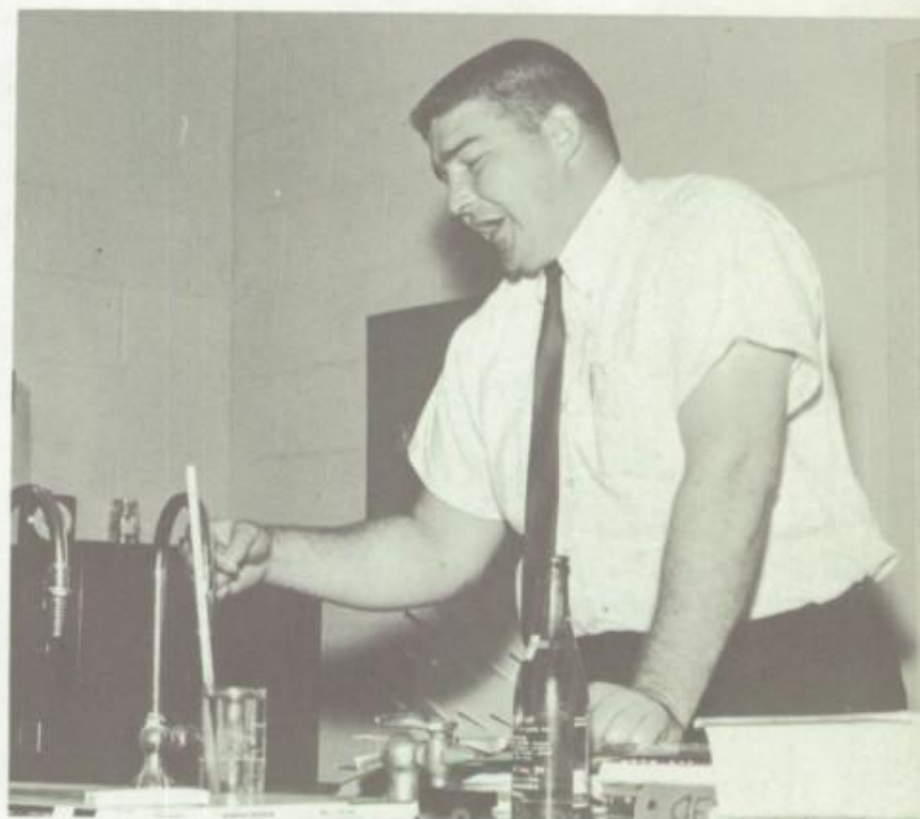

DAN K. THOMAS always has a wild time conducting the Macon High School bands. Even though band practice takes up most of his free time, he manages to sponsor the Freshman Class and Archery Club. As for special interests he lists water skiing as one of his favorites along with football and basketball.

PHIL SARGENT graduated from Eastern University and now teaches World History, Driver's Ed, and Boy's P. E. As varsity basketball coach, he has enjoyed seeing his team rack up an impressive string of wins for the season. He is assistant football coach and sponsor for "M" Club.

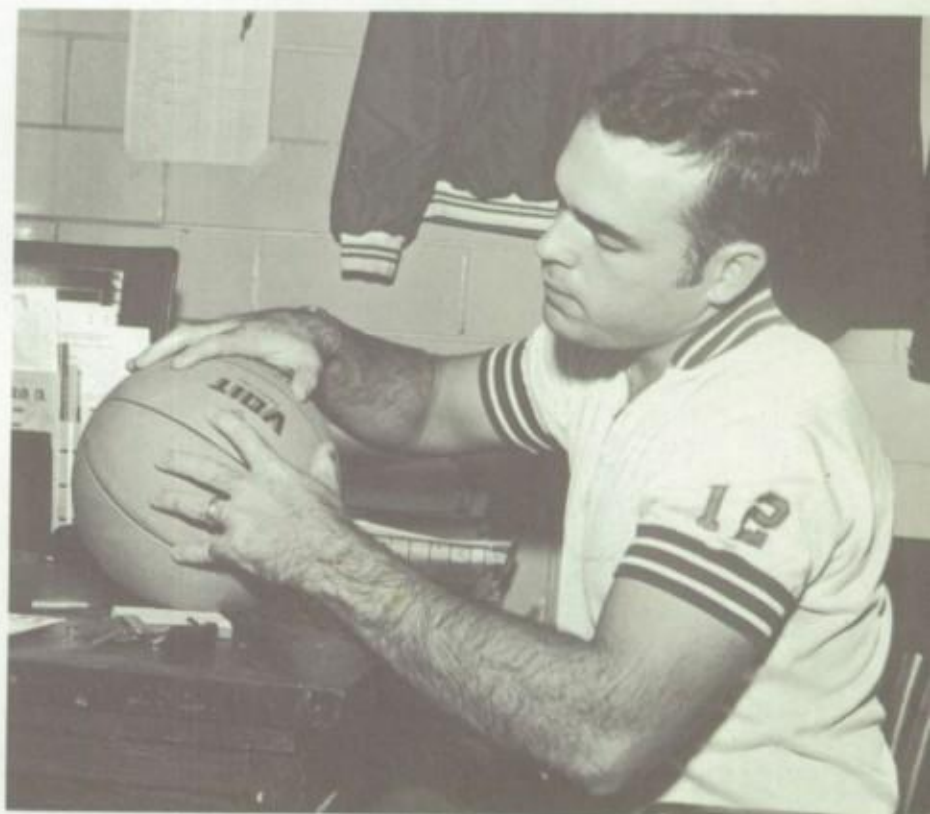

School Is an Experiment! A "Trip"—a game—a "ball"

JACK BURNS, Macon's new football and baseball coach is a graduate of Arkansas State University. At school, Coach Burns is kept busy teaching Chemistry, Algebra, and General Science. His favorite sport, which is easy to guess, is football.

SUZANNE FINLEY is always on the go since she sponsors GAA, Pep Club, and the cheerleaders! She has daily high school and 6th grade P. E. classes. In her spare time she enjoys reading, working with old furniture, antiques, and all sports.

DALE SLOAN teaches P. E. and Driver's Ed. He enjoys watching, coaching, and participating in many sports, among which are fishing, golfing, basketball, and football. His wife, Linda, can often be seen rooting for the team right along with him.

LARRY BIRKEMEIER worked under Mr. Sweet for experience in becoming a top-notch English teacher. He enjoys jazz, card-playing, and acting. DONNA FILE has a vocal music degree from Millikin. Her interest besides singing and playing the piano are sewing & traveling.

A Serious Side to a Senior Year.

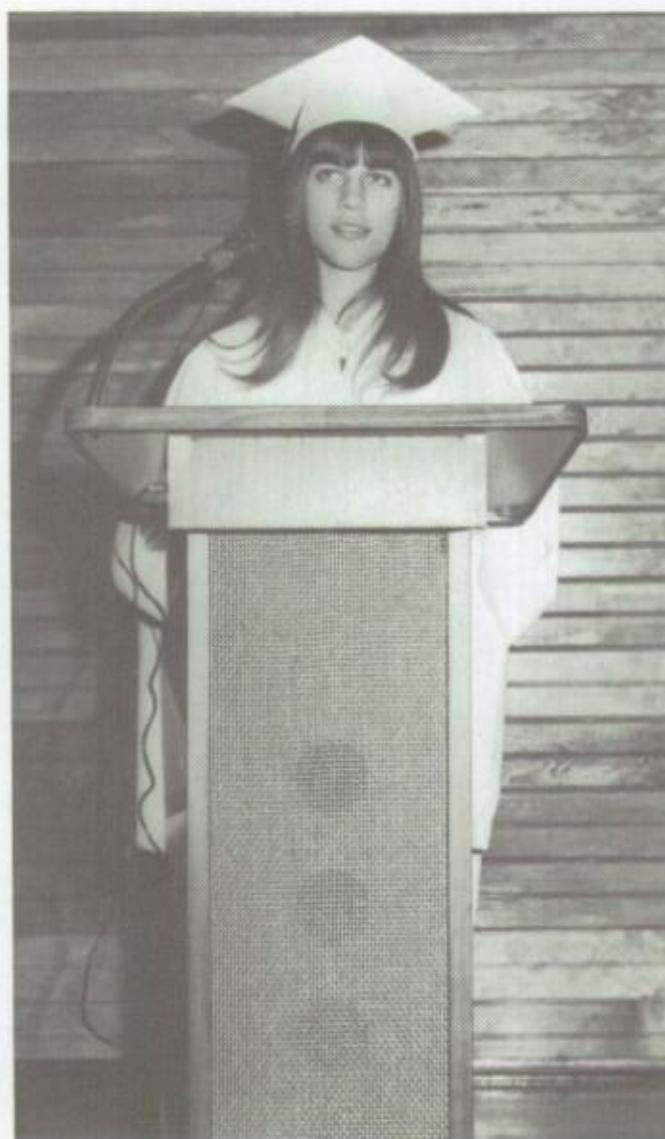

Golden Statuette Awards to Three Seniors with the Highest Ranks in Scholarship

This year there were only .003 points difference in the grade averages that determine which students have the honor to be named the Valedictorian and Salutatorian. Sherry and Nancy tied with 3.888 and Connie had a 3.885 average.

CONNIE HARTSOCK
SALUTATORIAN

Connie will go to Illinois State University to study either in the field of Education or Business Administration. Since one of her interests is travel, she would welcome the opportunity to have an executive position, after graduation from college, with one of the airlines.

NANCY TOMLINSON

SHERRY ADAMS

CO-VALEDICTORIANS

Nancy will enroll at the University of Illinois. After two years of courses in Liberal Arts and Sciences, she expects to transfer to the Education division for training to become a guidance counselor. Her principal hobby, recently developed, is pop music and she is intrigued by the entire new pop phenomenon.

Sherry will enter Eastern Illinois University to study foreign languages and possibly have a double major in Spanish and French. She expects to teach for several years, and then since her special interest has been in drawing and painting she has taken a series of art lessons and later plans on a career in interior design.

June 4—Graduation Night for Class of 1969

Sixty-one seniors happy—restless—thoughtful—eager—nervous—and even somewhat sad . . . as they line-up to take those last steps to receive the diplomas that signify high school days are over . . . and new experiences and adventures await.

FINALE—We Waited 12 Years to Flip those Tassels!

CLASS WILL

- I, Steve McDonald, will my Honors Hall Pass to my brother since I won't be around to use it next year.
- I, Stephen J. Sommer, will my ability to survive two years of Spanish to Dennis Jostes.
- I, Joe Murphy, will Mark Forden and Vic Petty one key apiece to fit any lock of their mind.
- I, Mark Glan, bequeath to Connie Mathias twelve chickens and one Turkey so she can show the world that they do indeed roost in trees.
- I, Steve Kestner, will my Bob Barnfield story book to Brad Roush.
- I, Dan Heckel, will my ability to stay sober to Mark Herbert.
- I, Marilyn White, will my blonde streak to Gina Dunn, since Her's is fake.
- I, Lyle Stauder, will my thick hair to Mr. Sergeant since his is very thin on top.
- I, Ken Erbe, will my great legs to Mr. Sloan because he is so very slow.
- I, Marsha Troxell, will a bottle of Lavioris to Mary Dalluge to carry with her on Fri. and Sat. nights.
- I, Nancy Tomlinson, rather than bequeathing and thus losing any of my attributes to the underclassmen;
I prefer instead to share with my own classmates my eager, questioning, smart-aleck personality a quality which is although a handicap to high school students, very useful in the Establishment.
- I, Maggie Knowles, will my small bod to Candy Goldenstein.
- I, Erma Yokley, will my bird legs to Mark Herbert so he can chase the girls much faster.
- I, Sandy Kapper, will my long hair to Dave Cox to go along with his bell bottom pants.
- I, Betty Snyder, will my ability to get along with the Kappers to one of the Pucketts.
- I, Carla Brown, will my Merle Norman eye make-up to Brenda Panchot.
- I, Pat Shartzter, will my bubbly personality and innocent color to Sandy Moffett.
- I, Kevin Brown, will my expanded mind, a roach killer, and a cold turkey to Vic Petty.
- I, Dick Boggs, will my worn out cross country shoes to Mike Atteberry in hopes that he might be able to run a race without walking.
- I, Stan Roush, will Mark Herbert to Mr. Erwin at Vocational School.
- I, Ray Martin, will the Blue Goose to anyone who doesn't own a car.
- I, Marcia Sapp, will all my absentee slips to Mr. Cook.
- I, Phil Wilson, will my great physical condition to Mark Forden.
- I, Karl Kunzeman, will my will power and ability to stay soffer to Herb.
- I, John McClintock, will my ability to get along with Mrs. Walker to Class of 70.
- I, Craig Tomlinson, will the golden splinter to Dave Cox and Beege.
- I, Sue Trueblood, will my soft shiny hair to Jill Curran.
- I, Jerri Jewell, will my big Detective eye to Rene Roush.
- I, Jody Kater, will my ability to stay awake at parties to Dee Tomlinson.
- I, Deb Hartley, will to Beege Benson my ability to evade family traditions.
- I, Pam Matherly, will my ability to stay out of trouble to Sue Kitch and Debbie Elliott.
- I, Dave Cribbett, will my key to the Home Ec. room to Jim Allen.
- I, Kathy Murray, will my nickname Bugs to anyone who will have it.
- I, Paulette Nash, will Candy G. my fingertip girdle and a pack of foam.

Repeat Winners At SCIENCE FAIR

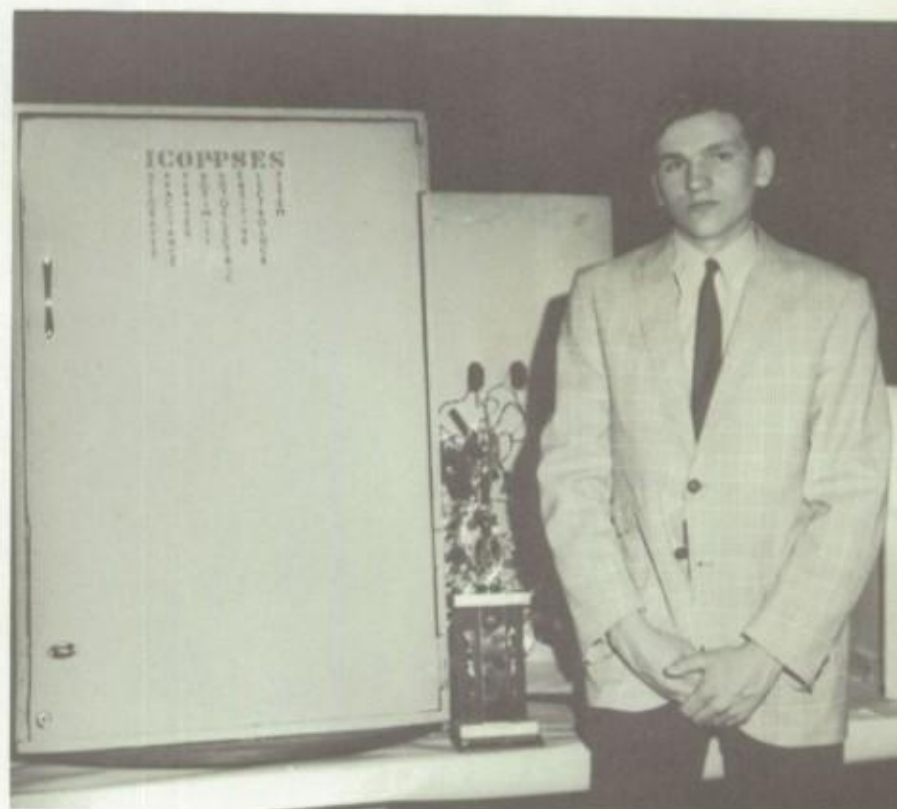

SCIENCE FAIR was a tremendous success due to excellent direction of Mr. Coate, enthusiasm of students and cooperation of the community and faculty.

Grand Prize and 1st Runner-Up Awards to Rex, Dale and Dean

The judges awarded Grand Prize again to REX STROM-BAUGH for his ICOPPSSES—which was an alarm system to protect valuables from a thief in a home or business. ICOPPSSES stands for Integrated Capacitance Operated Photoelectric and Proximity Sensitive Electrolock System.

DALE AND DEAN OTTA earned 1st Runner Up Award for their experiment to prove organisms could survive the thrust of rockets. For this science research the brothers used insects such as crickets and live mice. Also took pictures in the air with their model rocket.

2nd Runner-Up Trophy went to CONNIE HARSOCK and PAUL CARLTON for their "World of Luminescence" which encompassed the effect of ultraviolet radiation on minerals. The display exhibited both fluorescent and phosphorescent specimens as a sector of the entire electromagnetic spectrum. JANICE METZGER and RENE JONES received 3rd Runner Up Award for an experiment proving that an earth worm can learn to tell difference between left and right by an electric shock.

International Fellowship Arranged Exchange of Foreign Students

The Student Council worked on an exchange program for three years, and is happy that this year its efforts met with great success.

Three students came from South America to learn of our ways and to improve their English. Next step was the faculty and council vote to send Terri as our own "ambassador of good will".

TERRI LENTZ was chosen as the exchange student from Macon. Under the sponsorship of the International Fellowship Program, she will go to live with a family in Brazil during the summer months (when schools will be in session there.)

MISS ANNA ELISA SOROCO FROM ARGENTINA

Anna came from Larroque, Argentina, after teaching one year, and stayed with the Carl Brown family. She will return for more college training and hopes to teach English.

ROBERTO XAVIER LEON FROM ECUADOR

Roberto lived with Richard Cribbit family when in Macon. He is a high school student in Guayaquil, Ecuador, and was very interested in improving his ability to read, write and speak our language.

JOSE RICARDO DOS SANTOS FROM BRAZIL

Jose enjoyed life in the U. S. A. and his experiences here. During the three months' stay he lived with the Harold McDonald family. His home is in San Paulo.

ONLY FIVE CHOSEN BY THE FACULTY THIS YEAR

Senior Rex Strombaugh and Juniors Judy Stauder and Terry Lentz had the qualities of scholarship, leadership, character and service and were rated worthy of membership in the National Honor Society, joining Steve McDonald and Nancy Tomlinson who had been elected to this honorary group last year.

THE THREE NEW INITIATES

In a formal ceremony, Terri, Rex, and Judy were inducted into the Macon chapter to Honor Society.

SOCIAL HOUR AFTER CEREMONY

Coffee and doughnuts were served to the members, adviser, and the guests from other schools who had participated in the Initiation.

Eleven Honor-Roll Students Selected to Form New Beta Society

Judy Stauder, Paul Carlton, John McClintock, Ray Martin, Dick Boggs, Pat Shartzer, Pat Wells, Connie Hartsock, Terri Lentz, Linda Harrison and Sher Adams became members of BETA SOCIETY which was organized to assist Steve and Nancy with the work of the Honor Society as just the two of them could not handle all the projects.

One of the special duties of the Beta Society members was to aid in the tutoring of some of the students who were having difficulties with their subjects. The group worked with the two Honor Society members all during the first semester.

Congratulations to Students-of-the-Quarter

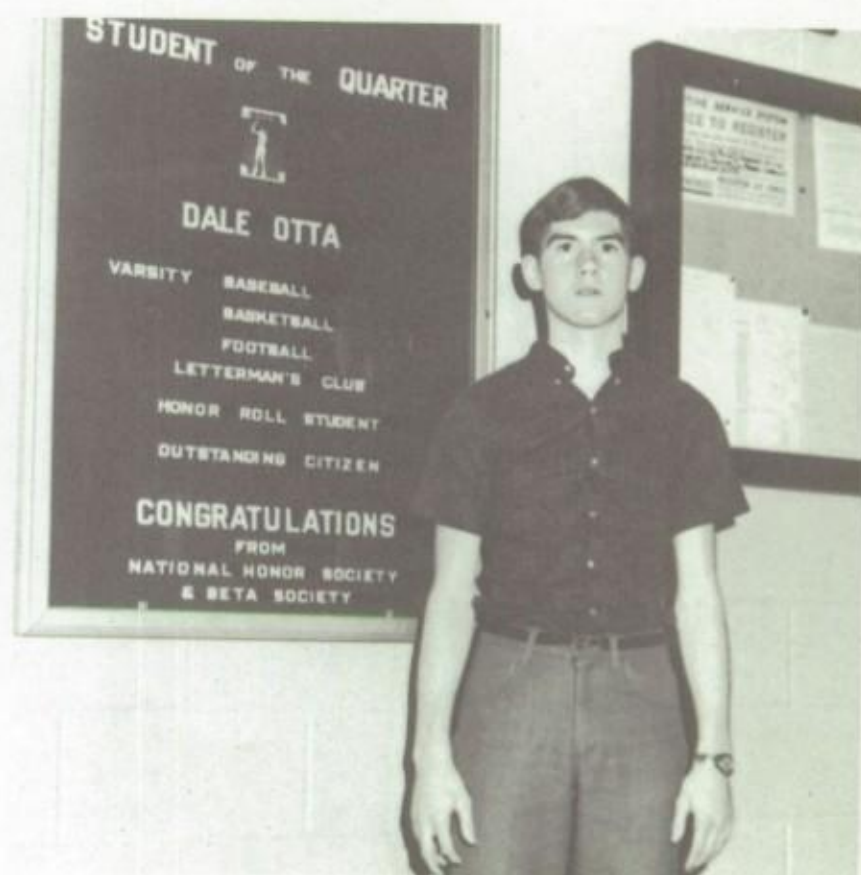

The National Honor and Beta Societies voted on the names submitted by the classes and organizations at MHS to select the boy or girl to be honored with the title of "Student-of-the-Quarter."

JERRI JEWEL is vice-president of senior class and president of FTA. She also is a member of Pep Club, GAA, Student Council. One of her major interests is music and she is very active in both band and chorus.

Third Student-of-the-Quarter was LINDA SHONKWILLER, one of the JV cheerleaders. A high honor-roll student, Linda is president of the Conservation Club, a member of GAA and Pep Club. She has also been working on yearbook staff, and was the second sophomore to be honored this year.

DALE OTTA although only a sophomore has been on the varsity football, basketball and baseball teams. He belongs to the Letterman's Club and the name of this outstanding citizen appears on the list of Honor Roll Students.

Did Dr. Ross plant the thought in the mind of BRAD ROUSH that he could out-distance all runners? Our fourth Student-of-the-Quarter broke the 880 record this year, and was on mile relay team that set another record! Brad also played basketball and football. He is a member of the Golf, Camping, and "M" Clubs; and had parts in "Cannibal Queen" and "Fair Lady."

ART CLUB PRESENTS

"The Wonderful World of Color"

Art Club's first year was mainly devoted to regular weekly sessions of instruction and practice under the direction of Miss Jones. For money-raising projects, the members sold "Ironman" pennants to students and staffed the concession stand at one of the ball games.

Miss Carla Brown, the president, was in charge of the projects to make money to buy supplies.

STUDENTS ACQUIRE SKILLS AT

Paulette, Jackie and Charlene are in the GRAPHIC ARTS class. This course covers work in the field of all types of printing. They have printed many of our programs.

The Area Center performs a very valuable educational service serving the schools in eight different counties. Each year many applications are received but due to limited space the enrollment is limited to 450 students. Macon was fortunate to have placed 20 there this year.

Pat and Stan wait at the Center for bus to take them out to the home they are building.

Dennis has taken ARCHITECTURAL DRAFTING and hoped to study to become an architect.

Brenda decided to see what the section in ARCHITECTURAL DRAFTING had to offer.

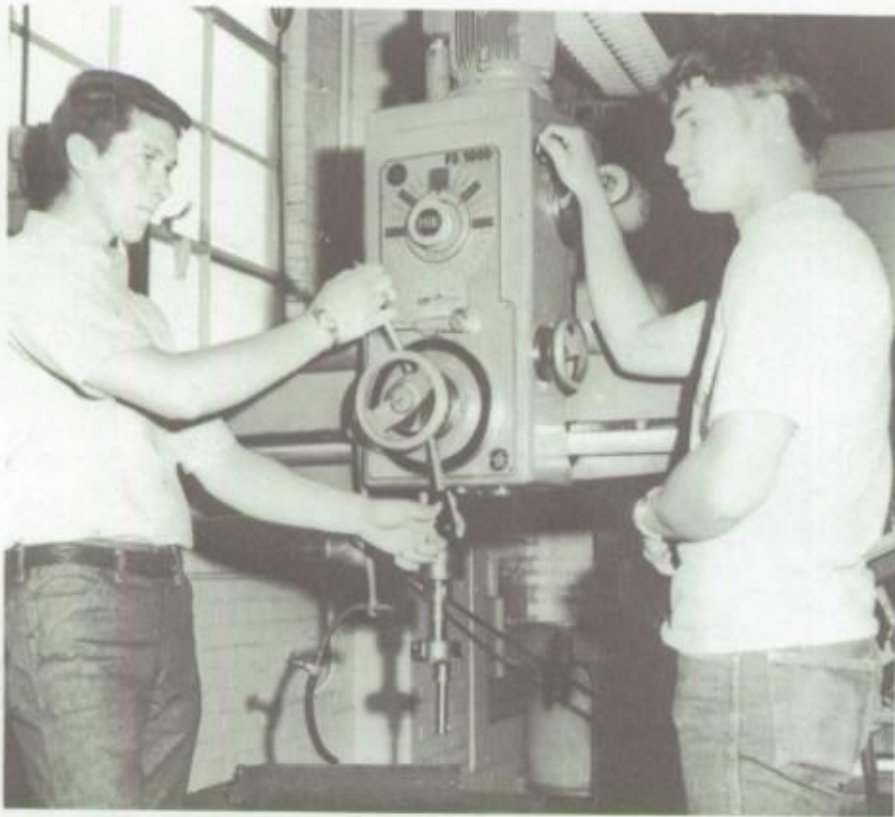

Keith, Bob and Jim playfully pose in a bathtub at the house where they are learning the practical applications of BUILDINGS TRADE course.

AREA VOCATIONAL CENTER

This program is concerned with training for everyday living and developing skills that will lead to well paying jobs after graduation. In addition to the courses Macon Hi students took this year, there is an opportunity for specialized training in Auto Mechanics, Electricity, Electronics, Food Service, Licensed Practical Nursing, Welding, Mechanical Drafting, and work of a Nurse Aide. Twenty of our Juniors and Seniors had the privilege of acquiring new skills at the Area this school-year.

After two years in CABINET MAKING, Stan has had practice in using all the modern type wood-working machines.

Joe and Gary have had advanced instruction in use of engine lathe, milling machine, surface grinder, drill press, power saw.

In MACHINE SHOP Kenny and Galen have learned about use of surface plates, guages and lathe bit tool grinding.

In AUTO BODY section Lennie and Gil learned preparation for painting, and replacement of hardware and trim.

Dennis had experience in gas welding painting with emphasis on acrylic finishes.

Kim and Mark rest in bus after morning's work in carpentry, masonry, etc.

Released from 12 Years Bondage—in School—
Now we seek new freedoms in the adult world
with its problems and responsibilities
So our hope is that we make FREEDOM
more than a word for ourselves—
and for others.

Hey
In the short time I've known you,
I feel like I've known you for a
long time. You've got a great personality
and a wonderful sense of humor. I
hope that we can always be best of
friends and get to know each other
better. I must admit, you have a
personality all of your own and some-
times I don't really understand you. But

I do know that you're an all around
great guy. I wish you the best of luck
in whatever you decide to do after
high school. I know you'll go far in
whatever you decide to do. Most of all,
have fun your senior year & try to
be good! Don't ever give up trying to
understand Mt. Zion girls, we may be
mixed up, but not impossible!

Friends forever,
Paula

Hey look, aren't you proud, I didn't
even mention Cross County!!

Mt. Z.

Lee,

To a great friend and good ~~runner~~ runner. I hope we can get along this year without our annual battle. Good luck in the 470 (and with your goat). Keep your scuppers clean.

James
Thomas
Cutter, Jr.

Lee

To the friendliest stranger I've ever known. Wish I had the chance to get to know you better but from what Jim says and from the few times I have been with you, you seem like a really great guy. You have a wonderful personality! Just try not to beat our guys too bad! Good luck this year.

Happiness Always

^{Darry}
BRAVES

hee,
So a tuff Senior boy.
I hope to see you chalk
up many CC victories.
Best wishes always.

See,
So a really nice
kid and a groovy
senior. Keep up the
good work in cross
country running. I
don't have to tell you
that you'll go far,
I know you will, because

Good Luck

 Roy E. J.

Lee,

To a real great
guy who I've come
to know better this
last few months.
Don't give me a hard
time and will get
along. We seniors
are great. Best
of luck always.
Bren.

Lee
